

The Legend of the Catskills

New York's Best Kept Secret, Now Yours to Explore

Delaware County, New York (May 2, 2022) - Delaware County is thrilled to announce a summer-long series of events called “The Legend of the Catskills”. Travelers are invited to participate in “missions”, designed with our wide variety of activities in mind, to explore the area for themselves and go on a journey unlike any other. This experience elevates what it means to go on vacation by fully immersing visitors in the Catskills where they can follow a pre-designed itinerary in the form of an adventure map and be more than just passive vacationers.

This event will run from June 2nd to September 22nd and is open to visitors of all ages. In tandem with their missions, guests can engage in other activities such as farm visits, guided hiking tours, wine tastings and group meditations for a once-in-a-lifetime, all-inclusive vacation package.

Guests can book this experience online at the Great Western Catskills website, after which they will receive information on what they need to make sure they are prepared for their trip. They are also able to personalize their experiences according to their interests as they complete their booking.

Adventure maps will be available to the public beginning May 15th and will vary across the different towns according to the accommodation, amenities and activities available at each location.
